RESULT OF RIOT AT SPRINGFIELD

Two More Deaths From Injuries Are Recorded.

ATTEMPT TO CUT THE WIRES

But Troops Manage to Frustrate Efforts to Sever Lines Leading Into the City Hall—"Shafter Cavalry" in Action.

Springfield, Ill., Aug. 17.—Two deaths from injuries received in previous mob fights, the attempted cutting of the fire alarm wires, the exoneration of Private J. B. Klein of Company A, First Illinois Infantry, by a court of inquiry for the killing of Earl Nelson at Kankakee, and the pursuit of a mob by guardsmen were the chief developments in the race war in Springfield.

The attempt to cut the telephone and fire alarm wires leading into the city hall was successful. A policeman saw three men on top of an out-building trying to reach the lines overhead. He turned in an alarm to the headquarters of General Wells, commanding a provisional brigade, and the latter dispatched a wagon load of soldiers to the scene. They arrived before the trio had done any damage. The would-be wire cutters fled, leaving their nippers behind. They escaped.

The court of inquiry which considered Private Klein's case was composed of Major James Miles, Captains J. Judson and S. F. High and Lieutenant F. A. Guilford, all of the First Illinois. After sitting all day, they reported to Adjutant General Scott that Klein's act was performed in the strict line of duty. Klein had been placed as one of a guard of the baggage car on the first section of the Illinois Central train which brought the First Infantry to Springfield. The train was a special one and the baggage car contained property owned by the state. Klein, guarding the front door, was instructed by Lieutenant Guilford to allow no one not officially countenanced to enter the car. At Kankakee, four young men, according to the report, climbed to the front platform and attempted to enter the car. Klein barred the way, using the only weapon available, a bayonet. As the train started, the four youths left the platform. Klein was not aware that Nelson nor any one had been injured. State's Attorney Cooper of Kankakee probably will institute action against Klein in the criminal court at Kankakee. The attorney general of the state is compelled by law to defend national guardsmen in such cases.

Suppressed an Incipient Riot.

A platoon was sent to Harvard park, a suburb on the southwestern side of the city, to quell an incipient riot. Shots had been fired at a house inhabited by negroes, but no one was injured and on the approach of three wagon loads of soldiers the attackers fled. The district is near a shaft of the Central coal mine, many negroes being employed in the workings. It has been considered a dangerous spot, but the demonstration is thought to have been the work of a few individuals.

A genuine scare was caused at the headquarters in the arsenal after a squad had been sent to disperse a crowd at Allen and Spring streets. Five minutes later a report reached Lieutenant Colonel Eddy that shots had been fired in the threatened district. He immediately sent a full platoon to the place to reinforce the squad. When the additional soldiers appeared the crowd broke and ran. The soldiers pursued them for several blocks and the district, which is near the scene of Saturday night's lynching, was in an uproar for a few minutes.

The arsenal was crowded with negro refugees from Springfield and surrounding towns. About 200 men, women and children sought shelter in the building and slept on the floor or in chairs. Most of these people were old and infirm, but they endured the hardships of their quarters rather than face the prospect of passing the night in their homes, beset with momentary fears of attack.

Colonel Sanborn and General Wells, commanding two provisional brigades formed, increased the mobility of their forces, augmented by the arrival of the Second Infantry from Chicago, by using farm wagons. The use of autos was discontinued and but few patrols were sent out on street cars. General Wells had ten vehicles and Colonel Sanborn as many more. "Just as good as horses," said General Wells. "When we get the alarm from the city hall I just order my 'Shafter cavalry' into the wagon and they are off in no time."

VIGOROUS CAMPAIGN.

Will Be Waged by Democrats in Northwestern States.

Chicago, Aug. 17.—A fight to swing the Northwestern states into the Democratic column is being outlined by the Democratic national committee and Chairman Mack is contemplating a trip to the West to rally the leaders of the party along the Pacific coast to vigorous action. Reports received at Democratic headquarters here indicate, the leaders say, that Montana and other states in the mountain region form a promising battleground for the Democrats. John A. Atwood, head of the speakers' bureau, said that he would be prepared to send well known speakers into the Western territory to wage a lively campaign in every debatable district. Chairman Mack expects to make his Western trip during the latter part of September.

National Committeeman Martin J. Wade of Iowa has left here for Buffalo, where he will open the national campaign in New York state with a speech under the auspices of the national committee.

DESTROYED BY FIRE.

Engine House and Four Locomotives at Minnedosa, Man., Burned.

Winnipeg, Man., Aug. 17.—The Canadian Pacific railway had their engine house and four locomotives at Minnedosa, Man., destroyed by fire. Minnedosa is 100 miles northwest of here on the Yorkton branch. The fire originated from an engine standing for repairs. The freight office, rolling stock and elevators were destroyed. Minnedosa is a divisional point and the fire occurring at this season of the year will seriously affect traffic.

NOVEL SUGGESTION TO BE ACTED UPON

Democrats Have Unique Plan to Obtain Votes.

Lincoln, Neb., Aug. 17.—A suggestion novel in its character and regarded by Democratic leaders as one calculated to strengthen the party in the campaign will be acted upon by the Democratic national committee on the occasion of the visit of W. J. Bryan to Chicago next week. Much stress is being laid by the Democratic nominee on the plank in the Denver platform relating to the guarantee of bank deposits, and this topic will be discussed quite fully by him in his speech at Topeka Aug. 27. If the suggestion is followed, and there is reason to believe that it will be, every community in which a bank has failed during the past year or more will be given especial attention by the literary bureau. The sufferers from the failures will be sought out and provided with arguments through which it is hoped to convince them of the soundness of the guaranty plank.

Mr. Bryan as usual attended morning services at the Little Methodist church in Fairview. In the afternoon a number of automobilists from Lincoln, among them Mayor Frank W. Brown, rode out and made neighborly call on the Bryan family. When the party arrived Mr. Bryan was out on his farm, but he was notified of the presence of his callers and he quickly returned to the house. Matters political were not touched upon. As his visitors were leaving some one suggested to him that he had land enough for a full golf course, but he expressed a preference for baseball, remarking that the national game was a co-operative one, whereas playing golf one had to "go it" more or less alone.

WAR MINISTER DEAD.

New Turkish Cabinet Suffers a Great Loss.

Constantinople, Aug. 17.—The new cabinet has suffered a great loss in the sudden death of the war minister, Redjeb Pasha, from heart disease.

The governmental programme, which occupies more than two columns in the newspapers, has been published. Its salient features include a declaration that all laws and regulations not compatible with the new regime will be amended; that the army, the navy and all government departments will be reorganized; that nonmusselmans will be eligible for military service. The programme promises that commercial treaties will be renewed and best relations cultivated with all the powers.

WITNESS TELLS ABOUT TRAGEDY

Describes the Killing of Annis by Captain Hains.

SAYS VICTIM WAS UNARMED

Army Officer Shot Down Defenceless Man While His Brother Held Spectators at Bay—Prisoners Exhibit No Concern Over Their Predicament.

New York, Aug. 17.—The arraignment of Captain Peter C. Hains, Jr., U. S. A., who on Saturday shot and killed William Annis on the landing float of the Bayside Yacht club at Bayside, L. I., has been postponed for a day. Similar action was taken in the case of T. J. Hains, brother of Peter C. Hains.

The two men were removed to Long Island City from Flushing police station, where they spent the night in separate cells and were at once taken before Magistrate Smith. The brothers appeared absolutely unperturbed and neither showed any trace of the uncomfortable night spent in jail. While Magistrate Smith was reading the charge of homicide brought against them, they maintained an attitude of unconcern.

Upon concluding the reading of the charges, the magistrate asked if the prisoners were represented by counsel. To this Thornton Hains replied that he had communicated with his lawyer and that the latter had promised to be in court at Flushing. The case was thereupon adjourned and Captain Hains and his brother were taken to the Queens county jail.

The discovery has been made that Annis received several threatening letters within a few days of the shooting. The letters, according to Annis' fellow club members, were found in his pockets after his death. They were turned over to District Attorney Darrin.

Charles H. Roberts, who helped to pull Annis out of the water after he had been shot and who was prevented from going to his assistance by Thornton Hains' levelled revolver, said in recounting the incidents of the shooting:

Emptied Revolver Into Victim.

"Annis was seated at the tiller of his sloop bringing her to the float. Louis Harway, who was in the boat with Annis, was forward warding her off from the float. Peter Hains saw Harway first and walking to him, pressed his revolver against his chest. Harway, thinking the performance a joke, playfully brushed the captain's arm away. Hains by that time had realized his mistake and crouching down so as to get on a level with Annis, emptied his revolver into him. Annis was in his bathing suit, unarmed, defenseless and unprepared. With the firing of the first shot Mrs. Annis, who with fully half a hundred ladies and children was on the pier, called out shrilly 'look out, Willie.' Almost at the same time I rushed toward Captain Hains, but before I had gone two steps his brother, Thornton Hains, stood before me, a revolver pressed against me. 'Stand back,' he shouted, 'this is a matter between these two.'

"By that time Peter Hains had completed his work. Annis, with six bullets in him, rose from his seat in the boat and attempted to step from it to the float. One of the bullets had lodged in his knee, however, and as he stood up his leg gave way and he toppled over into the bay. Wounded to death as he was, Annis still had the marvelous grit to try to swim to the float. He took two strokes and this brought him near enough for me to grab him and pull him upon the float. Meantime our boatman had knocked the now useless revolver out of the hands of Peter Hains. It lay on the float and I picked it up. Thornton Hains still stood with his weapon in his hand, however, and for a time refused to surrender it.

"Annis, who was moaning faintly, stretched out on the float, turned to Peter Hains and said, 'Captain, you have made a horrible mistake.' Peter Hains hesitated a minute and replied, 'I may have, but I don't believe so.'

"Mrs. Hains, the cause of the tragedy, left her father's home in Winthrop, Mass., within two hours of the time she was apprised of the shooting. She arrived in this city and immediately went to Fort Hancock, Sandy Hook, where her children are with their grandmother.

Preacher—When tempted to drink, think of your wife at home.

Peepack—I do, and that's what drives me to drink.

You should know if you don't

Talk No. 9

OUR STORE CLOSED TONIGHT. Owing to the fact that we believe in the shortest hours possible for our store force, we do not keep open on Foundry pay day nights—that is the 2nd and 17th of each month. You will therefore find "Michael's" door closed this evening.

We ask your co-operation in this and trust that you will not save your purchases until these evenings.

"MICHAEL'S"

RETIREMENT OF ADMIRAL EVANS

Navy Will Lose One of Its Most Picturesque Figures.

SERVED FOR FORTY-FIVE YEARS

Received His Baptism of Fire at Fort Fisher During the Civil War—Commanded the Greatest Fleet of Fighting Ships Ever Assembled Under the American Flag.

Washington, Aug. 17.—With the retirement from active service next Tuesday of Rear Admiral Robley D. Evans—"Fighting Bob"—the United States navy loses one of the most picturesque figures that ever trod a quarter-deck. Forty-five years have gone by since Evans as a young ensign received his baptism of fire at Fort Fisher during the Civil war.

REAR ADMIRAL EVANS.

During that span of years he has served his country gallantly, well earning the reward of rest which a grateful people give.

It has been his fortune to command the greatest fleet of fighting ships ever assembled under the American flag. Moreover, he successfully piloted that fleet to the end of one of the most remarkable cruises in naval history as the culminating act of his brilliant career. Famous in war, he has become great in peace and many of his countrymen still are hopeful

that congress will honor him by creating him a vice admiral, a rank sec-

ond only to that of the Manila bay hero, Admiral Dewey.

Born in Floyd county, Virginia, Aug. 18, 1846—sixty-two years ago—at the age of eleven he came to Washington to live with his uncle, a newspaper man, upon the death of his father, Dr. Samuel Andrew Jackson Evans.

Joined the Federal Forces.

Securing an appointment to the naval academy from the territory of Utah, he entered that institution Sept. 15, 1860. When war broke out between the states his mother, assuming that he would take arms for his state against his country, sent in his resignation to Washington and it was promptly accepted. Young Evans was determined, however, to stand by the Union even against his own family, and had himself reappointed, greatly to his mother's chagrin. He was graduated in 1863 and served with honor throughout the remainder of the conflict. He became a Lieutenant in 1866, and lieutenant commander two years later and a commander in 1878. He reached the grade of captain in 1893 and as such officer served through the Spanish-American war, commanding the battleship Iowa at the battle of Santiago. He was promoted to the rank of rear admiral in 1901.

Rear Admiral Evans has been in poor health for some time past and though suffering from rheumatism when the battleships sailed from Hampton Roads last December, he persisted in his determination to take the fleet around Cape Horn. He was ill during nearly the entire voyage and continued so until after he was relieved of command May 9, last.

It was during the period of strained relations with Chile that he earned the sobriquet of "Fighting Bob." He was in command of the gunboat Yorktown, stationed at Valparaiso, which place he threatened to efface from the topography of Chile in such vigorous and earnest language that the haughty Latin-Americans speedily released the American sailors whose frolic ashore had led to a riot and incidentally to an unpleasant diplomatic situation.

Rear Admiral Evans probably has done more than any living man to unify this country's floating fighting force.

With a singular appropriateness, "Fighting Bob" Evans' retirement will be celebrated next Tuesday in the "Temple of Peace" at Lake Mohonk, N. Y., where he has been convalescing and spending the summer.

Three Drowned While Bathing.

Grand Isle, Vt., Aug. 17.—Miss Lucy Perry and Miss Sarah Dishaway of Plattsburg, N. Y., and Miss Elizabeth Dishaway of Brooklyn, N. Y., were drowned while bathing in Lake Champlain.

Lynching in Prospect.

Baton Rouge, La., Aug. 17.—Bloodhounds have been sent from here to Burton, La., where a posse is in pursuit of a negro who attempted to criminally assault a twelve-year-old white girl. If captured the negro will probably be lynched.

TAFT WILL GO ON A FISHING TRIP

Intends to Stay for a Week on Middle Bass Island.

Hot Springs, Va., Aug. 17.—Candidate Taft and party will leave Virginia Hot Springs Friday, Aug. 28, for a week's fishing in Lake Erie, at the end of which he will go to Cincinnati, September 5 or 6, to remain until election day. The announcement of the itinerary which is to conclude the candidate's pre-campaign vacation has just been made. Mr. and Mrs. Taft will be the guests of the Middle Bass club, the headquarters of which are on Middle Bass Island, a short distance out in Lake Erie from Put-in-Bay. The club claims distinction for having had as members Presidents Hayes, Garfield and McKinley, and being the host on a number of occasions of President Cleveland. The visit of the Taft party was arranged by Charles T. Lewis of Toledo, president of the club, and Representative J. Warren Keifer, member of the club. Mr. Taft is fond of fishing, and has been induced to believe that the change for a week from the mountains to the lake will put just the proper edge on his condition of fitness for the front porch work he is to do in his native city.

Arrangements are nearing completion for the one political event in which Mr. Taft is to participate before leaving here, the rally of Virginia Republicans next Friday. John A. Noon and H. T. Voorhees of Stanton, Va., in charge of the arrangements, have informed Mr. Taft that the railroad excursion alone will bring 5,000 Virginians to the mountains to hear Mr. Taft speak. Three train loads are expected from Charlottesville, but the Shenandoah valley is expected to furnish most of the visitors—from Augusta, Highland, Bath, Rockingham, Shenandoah, Page, Rock Bridge and Botetout counties.

Killed Before a Crowd

Paterson, N. J., Aug. 17.—In the presence of several thousand spectators at the Clifton Cycle stadium "Sonny" Bridge, a motor cyclist and former lightweight pugilist, was thrown from a motor cycle which he was testing on the track and was instantly killed. Bridge had been scheduled to ride a twenty-mile race with James Moran.

Two Drowned in Delaware Bay.

Wilmington, Del., Aug. 17.—Charles Dutton, aged twenty-five, and Nellie Nickerson, aged twenty years, both of Chester, Pa., were drowned while bathing at Bowers Beach on Delaware bay.

Brainerd Business College

Fall Term begins Sept. 1st

Every subject taught in the leading business colleges of the United States, will be presented this fall. Write at once for particulars. Positions for graduates.

Brainerd, Minn., Aug. 17, 1908.

TO WHOM IT MAY CONCERN:

This may certify that I have attended the Brainerd Business College during a period of three months. The instruction I received could hardly be improved on. The school carried out all its agreements with me and my experience at the college has been in every way satisfactory.

C. H. PATEK.

TO WHOM IT MAY CONCERN:

I take pleasure in stating that, during the spring and early summer, I was a student in the shorthand department of the Brainerd Business College. The school proved to be a stronger institution than we had anticipated. If I could have had better instruction anywhere, it is difficult for me to see in what particular the improvement could be made. It seemed to me that the course of study in my department was altogether satisfactory.

MAE BELLE GREWCOX, Stenographer for J. M. Elder

OUR PURPOSE

IT IS OUR PURPOSE TO handle any business entrusted to us in such a fair and liberal manner as to make our customer's relation with this bank satisfactory and profitable. Aside from the excellent facilities afforded, this bank has the advantage of a sufficient Capital.

MONDAY, AUGUST 17, 1908

Aug. 16 In History.

1777—Battle of Bennington, Vt.
 1851—Lopez, the first great Cuban leader, captured and executed.
 1903—Noah Brooks, well known author, died; born 1830.

Aug. 17 In History.

1785—Jonathan Trumbull, close friend of Washington, died; born 1710. Trumbull was governor of Connecticut, and Washington often consulted him in emergencies. "Let us hear what Brother Jonathan has to say" was an expression often on Washington's lips.
 1880—Ole Bull, the Norwegian violinist, died; born 1810.
 1906—Earthquake shocks affected 14 cities of Chile, Valparaiso being nearly destroyed.

ASTRONOMICAL EVENTS.

Sun sets 6:51, rises 5:09; moon rises 10:24 p. m.; moon's age, 21 days; 3 p. m., planet Jupiter passes from east to west of the sun and thus changes from evening to morning star.

WEATHER FORECAST

Generally fair tonight and Tuesday, cooler south portion tonight.

CONGRESSMAN LINDBERGH has the distinction of being one of two Minnesota congressmen who has the courage to state that they are opposed to the reelection of Speaker Cannon, says the Alexandria Post News. Congressional candidates in other states are making this an issue in their campaign. In Wisconsin Hon. Irvin L. Lenroot, speaker of the last legislature of that state, pledges himself as follows: "If elected, I promise to vote against Cannon for speaker. I would rather if elected be without any committee assignments at all, and free to represent your wishes in my votes, than be chairman of the committee on judiciary representing Cannon's will. If elected I will not vote with the Republican majority when I believe it to be wrong, and I will vote with the Democratic minority when I believe it to be right, and it sometimes is right. I shall vote for legislation in the public interest proposed by Republicans if I can, by Democrats if I must, in order to vote for it at all."

LOCAL NEWS NOTES

Fred Parker was down from Parker-ville on business today.

Joe Herbst made a flying trip to Roy-alton today on business.

R. Peterson, of Astoria, Oregon, was a Brainerd visitor Sunday.

Geo. D. LaBar went to Minneapolis this afternoon on business.

T. R. Foley, of Aitkin, was in the city today enroute to Minneapolis.

Attorney W. H. Crowell, of Aitkin, was in the city today on business.

Everybody eats the 15-cent lunch at the Ideal Cafe. 48tf

F. J. Tyner and mother, of Fargo, N. D., were in the city Saturday night.

Miss Ivy Wagar returned Saturday evening from a visit to Minneapolis.

J. L. Smith came down from Backus this morning and went to Minneapolis.

Mrs. Charles Schell and daughter, of St. Cloud, were Brainerd visitors last night.

Store your stoves and household goods with D. M. Clark & Co. 61tf

W. E. Erickson returned today from Aitkin, where he spent Sunday with friends.

W. G. Nichols and wife, of Des Moines, Iowa, were in the city over Sunday.

Does baby need a go cart? We have what you want, D. M. Clark & Co. 61tf

Miss Jennie McClary and the Misses Sykora were Deerwood visitors Sunday afternoon.

Dr. and Mrs. Albert Johnson, of Spokane, are visiting their old time friends in this city.

Judge McClenahan arrived today from Grand Rapids, where he has been holding court.

Awnings! Awnings! D. M. Clark & Co. 61tf

Mrs. E. E. Niles and children went to Merrifield today to remain for a couple of weeks.

Miss Bertha Linnemann, of Minnetonka, arrived in the city today to visit relatives for a few days.

Miss Lottie E. Losey, of Galesburg, Ill., is in the city visiting at the home of her brother, A. E. Losey.

D. M. Clark & Co., the largest installment house in the city. Goods sold on easy payment. 61tf

Frank Egan went to International Falls today on business for the Minnesota & International railroad.

B. L. Lagerquist, Arthur Drogseth and Gus Raymond came in today from the latter's cottage at Gladstone.

Phone. 234 Cor. Front and 4th St.

The regular monthly business meeting of the W. C. T. U. will be held tomorrow afternoon at 3 o'clock with Mrs. J. M. Schultz, 315 4th street N. E. All members are requested to be present as business of importance will be transacted. All members in arrears for dues will please meet the treasurer, Mrs. Donant, or the secretary, Mrs. Alice D. White, before August 20th.

Murallo—the sanitary wall finish, in all colors. D. M. Clark & Co. 61tf

Invitations are out for the wedding reception of Miss Lottie White and Louis F. Hohman. The ceremony will take place at the residence of the bride's parents, Mr. and Mrs. I. U. White, 1005 Main street, at 8 o'clock Wednesday evening, August 26th, and will be witnessed only by the relatives and intimate friends of the contracting parties. A large number of friends have been invited to the reception which follows the ceremony.

MOTOR BOAT SUNK.

Run Down by a Barge and Three of Its Occupants Drowned.

Buffalo, N. Y., Aug. 17.—Three persons were drowned in the Niagara river when a motor boat was run down by a pleasure barge.

Mrs. William Pagels, Mrs. Charlotte Meyers and Raymond Pagels, ten years old, were drowned.

Henry Schauss, at the wheel of the motor boat, thought he could pass under the bow of the barge. When it was too late he tried to turn and was run down.

Oklahoma's Fruitful Soil.

Henry Beard of Shawnee, Kan., has three of the champion cherry trees of the state, or of most any state, for that matter. From these three trees he has this year sold fruit to the value of \$40. He says that 100 trees like this can be grown on each acre of Oklahoma soil, but if this was done there would probably soon be a drop in the price of cherries. Anyway, those folks who said Oklahoma was no fruit country were never worse fooled in their lives.

SMILE AND BE PROSPEROUS.

Platform of the Optimistic League of Montclair, N. J.

The Optimistic league has been organized at Montclair, N. J., with the following resolutions:

Whereas, We believe that the business depression which we have all been enjoying the last few months is due primarily to a lack of confidence; and, Whereas, We believe that prosperity does exist if good, patriotic citizens will only recognize it; and, Whereas, We believe also that the best way to hasten the good times which are surely here is to take an optimistic view of things;

We, the undersigned, have decided to form an association to be called the Optimistic league.

All enthusiastic citizens are eligible to membership in the organization if they will agree to smile at least once a day and do everything in their power to spread the habit of smiling.

As a Family Medicine

Lots of suffering would be avoided and much serious disease prevented if every family did as the writer of this letter suggests.

He has found out from experience with many medicines that there is nothing so good as Dr. A. W. Chase's Kidney and Liver Pills as a family medicine for biliousness and constipation.

Such diseases as Bright's disease, diabetes and appendicitis almost invariably arise from neglect to keep the liver, kidneys and bowels regular.

This emphasizes the wisdom of keeping Dr. A. W. Chase's Kidney and Liver Pills constantly at hand.

MR. WM. PALARDY, 146 Summer St., Central Falls, R. I., writes:—"I think Dr. A. W. Chase's Kidney and Liver Pills most excellent as a cure for biliousness and constipation. We would not think of being without them in the house as a family medicine. I have used many medicines but none ever suited my case so well."

One pill a dose, 25 cents a box, at all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

East and Southeast of the
Mississippi River

One of the heaviest land transactions in the history of Crow Wing county was placed on record in the office of the register of deeds late Saturday afternoon. The transaction, or rather the two transactions were negotiated by J. M. Elder with the Northwestern Improvement Association. This company is the holding corporation of the Northern Pacific railroad company and is the same concern which a short time ago took an option on a large amount of these lands, and which has been drilling extensively in the past two years.

One deed runs from Mr. Elder and his wife and covers 2,708.15 acres of land located in the towns of Garrison, Bay Lake, Maple Grove, Nokay Lake and Daggett Brook. The other runs from the Minnesota Park Region Land Company and conveys 9,570.89 acres situated in the towns of Garrison, Bay Lake, Platt Lake, Maple Grove, Nokay Lake, Daggett Brook, Oak Lawn and St. Mathias.

The consideration in each instrument is given as "\$1 and other valuable consideration."

All parties concerned refuse to talk of the transfer, one of the stockholders of the Minnesota Park Region Land company saying the lands were not bought because of the mineral, but admitting that the Northwestern Improvement association would probably investigate them. By those interested in the delopment of the Cuyuna range this transfer is considered one of the most encouraging events in the history of the range and is taken as an indication of the intention of the Northern Pacific to push the development of the Cuyuna range and to the end that this road may enjoy the revenues from hauling ore.

Well posted real estate men put the value of the lands conveyed, as a mere farming proposition, in the neighborhood of \$200,000, and as an iron proposition their value is problematical, but is doubtless several times that amount.

Attention, Asthma Sufferers!
Foley's Honey and Tar will give immediate relief to asthma sufferers and has cured many cases that has refused to yield to other treatment. Foley's Honey and Tar is the best remedy for coughs, colds and all throat and lung trouble. Contains no harmful drugs. H. P. Dunn. mwf

The Roosevelt Policy
Congressman C. A. Lindbergh has received a group picture of the family of Charles J. Lamusga of Browerville with a request that he forward the same to President Roosevelt to show that Mr. Lamusga recognized the importance of large families before the president made his world famous plea in that behalf.

The family consists of Mr. Lamusga and his wife Francis, who were married in 1884, and their eleven boys and two girls. All the family are healthy, robust, good looking, a credit to Tod county and worthy of congratulations. In the language of Abraham Lincoln, this family should be a powerful suggestion to all newly married couples, "Go thou and do likewise" and be happy. The picture has been forwarded to the president.—Transcript.

A Boon to Elderly People
Most elderly people have some kidney or bladder disorder that is both painful and dangerous. Foley's Kidney Remedy has proven a boon to many elderly people as it stimulates the urinary organs, corrects irregularities and tones up the whole system. Commence taking Foley's Kidney Remedy at once and be vigorous. H. P. Dunn. mw

Cured Hay Fever and Summer Cold
A. S. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed only to aggravate it. Fortunately I insisted upon having Foley's Honey and Tar. It quickly cured me. My wife has since used Foley's Honey and Tar with the same success." H. P. Dunn mwf

ELECTRIC BITTERS
THE BEST FOR BILIOUSNESS AND KIDNEYS.

PRESIDENT'S SECRETARY HERE

Secretary Loeb and Party of Friends Passed Through the City Today Enroute to Kabekona Camp
"The Yellowstone," the private car of President Elliott, came in from St. Paul today on No. 91 and was taken to Backus on the Minnesota & International railroad. In it were George Thompson, of the St. Paul Dispatch, accompanied as his guests by Mr. Loeb, private secretary to President Roosevelt, John R. Miller, president of the Capital National bank, of St. Paul, and Gustav Scholle, consul to Warsaw, Russia. The party will spend the week at Kabekona camp, Woman lake, returning to the twin cities next Monday.

How's This?
We offer one Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. Cheney & Co., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him. W. D. King, Kinsman & Marvin, Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system. Testimonials sent free. Price 75c per bottle. Sold by all druggists. Take Hall's Family Pills for constipation.

EVERY ONE GETS VERY BUSY
A Force of 65 Men Will be Set to Work Treating Railroad Ties at Plant

ANOTHER SWITCH CREW ON Business so Rushing That Car Shops Were Compelled to Run all Day Sunday

Things are getting lively in railroad circles in Brainerd. The tie preserving plant, which has been shut down since early last spring will start up tomorrow morning with a crew of about 65 men. Superintendent Gilson, who arrived from the west this morning, states that there are over 400,000 ties piled up in the yards at the plant and more coming every day. The plant will treat about 4,800 ties per day.

The work at the tie plant, together with the rush at the shops, has compelled the putting on of a third switch engine and crew, which will also commence work tomorrow morning.

The car shops are turning out 10 new stock cars each day and the rush of repair work was such that it was necessary to work the entire force of car repairers, helpers and laborers all day Sunday.

Sup. Blanchard was seen by a DISPATCH representative today and he states that there is a splendid wheat crop and that the Northern Pacific is in excellent shape to handle it. Railroad men generally look for a record breaking fall.

Foley's Kidney Remedy will cure any case of kidney or bladder trouble that is not beyond the reach of medicine. No medicine can do more. H. P. Dunn. mwf

FLASHLIGHT PILOT SIGNAL.

Electric Device to Work in Connection With Steamship Whistles.

No longer will it be necessary for steamboat pilots to keep their ears wide open to hear an approaching vessel's whistle in the night, according to Captain John Dockerty, in command of the Patchogue, one of the largest tugboats belonging to the Long Island Railroad company's fleet, says the New York Herald. Captain Dockerty has installed a flashlight signal system just below the powerful whistle of the tugboat that flashes the signal in bright electric light as the whistle is blown.

Nine electric lamps of fourteen candle power each, with individual reflectors behind them, are placed one above another in a weather tight glass case with solid back. This case is on a standard and higher than the roof of the pilothouse and lower than the whistle, so as not to obstruct the sound.

The whistle cord is connected to an ingenious switch, and as it is pulled for long or short, single or double blasts in the night the flashes from the lamps appear simultaneously.

Captain Dockerty says the invention is invaluable for the night where the whistle may get out of order. It also allows pilots in the cold winter nights an opportunity to keep pilothouse windows closed, as the lights are absolutely safe in action.

FOUND IN AN OLD TRUNK

Badly Decomposed Body of a Man Who Had Been Shot.

Camden, N. J., Aug. 17.—A party of picnickers while seeking water in a ravine near Mount Ephraim came across an old trunk tied with ropes and half buried in the underbrush. On raising the lid the badly decomposed body of a man tightly wedged in the trunk was found. A wound in the breast indicated that the man had been shot.

Valuable Hint For Singers.

The French minister of marine at Paris proposes to prohibit the wearing of mustaches by bluejackets, as an inquiry has shown that the voice of the clean shaven sailor carries better than that of his unshaven comrade.

OLD RESIDENTS PASSED AWAY

J. J. Stearns Died at Home North of the City Saturday Night of Heart Failure

BERT SABIN, SR., ALSO DEAD
Passed Away This Morning at the Northern Pacific Hospital of Bright's Disease

J. J. Stearns, for many years a resident of Crow Wing county, died Saturday night of heart failure. The remains have been brought to the city for burial but the date of the funeral has not yet been set. Arrangements are held pending the receipt of word from absent relatives.

John Johnson Stearns was born in Spring Arbor, Mich., March 6th, 1841, and was united in marriage at Lake City, Minn., April 28, 1863, to Miss Annie E. Cammish, who survives him. To them were born 14 children, of whom 11 survive, as follows: Mrs. A. M. Nelson, St. Paul; Mrs. M. M. Thompson, Ft. Worth, Tex.; Mrs. L. M. Hess, Superior, Wis.; Mrs. Pearl Harmon, Littlefork, Minn.; Mrs. Emma Hall, Brainerd, Minn.; Mrs. Harlet DeMoe, Menominee, Wis.; J. W. W. Stearns, Brainerd; Fred Stearns, Warroad; Harry Stearns, St. Paul and Walter Stearns, Brainerd.

Mr. Stearns was a veteran of the civil war having enlisted at Lake City, Minn., in February, 1864. He was sent Ft. Snelling and attached to Co. G. 8th Minnesota Volunteers. He was kept at the fort as a nurse and afterwards transferred to the 23d Veteran Reserve and kept on special duty until he was discharged in July 1865.

Bert Sabin, Sr., father of the well known swithman of the same name, died at the Northern Pacific hospital this morning of Bright's disease after an illness of about ten days. He was taken to the hospital last Monday and all done for him that was possible, but it proved in vain. The funeral will be held at St. Francis church Thursday morning at 9 o'clock, Rev. Father O'Mahoney officiating.

The deceased was born in Syracuse, N. Y., July 10, 1850, and was thus 58 years of age at the time of his death. He was married in Ypsalanti, Mich., to Miss Lena Bickel, who died in this city about six years ago. To them five children were born, of whom only two survive, Bert Sabin, Jr., and Mrs. C. Poppenberg, both of whom reside in this city. Mr. and Mrs. Sabin came to Minnesota 29 years ago, and settled at Rice, coming to Brainerd 20 years ago. Mr. Sabin worked for the past 16 years of his life in the car shops of the Northern Pacific railroad. He was one of the charter members of the car repairers union and was also a member of the A. O. U. W.

How to Avoid Appendicitis

Most victims of appendicitis are those who are habitually constipated. Foley's Orino Laxative cures chronic constipation by stimulating the liver and bowels and restores the natural action of the bowels. Foley's Orino Laxative does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. H. P. Dunn. mwf

frost, since the movement of the air lessens that danger. The forest service will study all sorts of conditions, including the relative value of windbreaks consisting of a single row of trees and shelter belts made up of a number of such rows. A windbreak is usually planted for protection alone, a shelter belt for both protection and the growing of timber.

Corn will be the crop studied behind the windbreak this year. Trustworthy conclusions cannot be obtained by comparing results from different crops. Each crop makes its own demand upon the soil, so that what would destroy one might do little harm to another. Corn is a particularly good crop to experiment with because it is easily injured by hot dry winds, will not stand shading and is very sensitive to frost.

The instruments and apparatus for each state will be read weekly by persons assigned to that duty by the agricultural experiment stations in the respective states. The whole work will be in charge of an expert for the forest service at Washington, who will be assisted in his work by three or four persons, also from the forest service, who will study general conditions in the states under investigation in regard to the effects of windbreaks on crops. The work will continue until crops are gathered in the fall, when the actual yield of sheltered fields will be measured and results compared with nearby unsheltered fields. Some of the observations will continue through the winter.

It is expected that the results will be published both by the forest service and by the experiment stations which co-operate in carrying out the work.

Very Desirable.
On redhot summer days
What comfort it would be
To have at hand always
An educated tree

To follow us around the town, no matter where we strayed.
And furnish us with shade
And, if it were a lemon tree, with lemonade!
—John Kendrick Bangs in Harper's Weekly.

TWENTY YEARS AGO

Dr. Bigger is looking very closely after his legislative prospects.

Mayor Hemstead has vetoed the measure adopted by the city council to appropriate \$1,000 to buy the fair grounds with. The mayor sets down rather hard on county fairs in his communication, but his action will be sustained by a large number of tax payers.

It has been finally settled that the Brainerd school district cannot negotiate the \$35,000 loan from the state school fund, and the board having decided \$17,000 was all that they would advance. Where the blame rests is unknown to the general public but it is pretty well understood that a little meddling by certain parties who did not wish to see the matter fixed up did the thing.

J. L. Smith and wife have gone to Canada on a visit.

Mrs. P. M. Lagerquist has gone to Grand Forks for a visit.

Eagle Hose Co. No. 4 will give a ball at the Mahlum house next Saturday evening.

Mr. H. A. Lyddon and bride are expected in Brainerd tomorrow from England.

Mrs. John Congdon went to Fargo yesterday for a two weeks visit with relatives.

Miss Blanche Ingersoll has been engaged to teach the Oak Lawn school the coming term.

Mark Howe, of Milwaukee, accompanied by his daughter, Miss Ella arrived in the city Wednesday. The gentleman is a brother of J. J. Howe of this city, and the gentlemen had not met before for thirty years.

Wm. Gergen and Chas. G. Moores have bought lots 18, 19 and 20 in block 99, of Max Shapiro, and will build a lively barn thereon at once.

The friends of Miss Katie White will be pained to learn that she is dangerously ill at her father's home on Main street.

Mr. J. L. Smith, manager of the opera house informs us that all dates have been cancelled and no more companies will be given dates after next week. The business is so light that it will not pay to encourage any troupes to come. The house has been losing money for six years and will not encourage any more theatrical performances.

Miss Maudie Gleason entertained a party of her young friends Wednesday afternoon in honor her eleventh birthday.

LAKE MADE TO ORDER.

Workmen Turn Insignificant Pond Into Beautiful Lake Eara.

By the enlargement of a small pond Lake Eara, a new lake, has been created which has changed the geography of Lake county, in Indiana, to such an extent that in time a great commercial university will be built. Two years ago Lake Eara was not of sufficient importance to command a place on the map. In fact, it was only a small pond near Libertyville, Ind., covering scarcely five acres in the center of a basin where in some past age a beautiful lake had existed. The wonderful possibilities of this basin were discovered by A. F. Sheldon, president of the Sheldon school, and inspired by the latent beauty of the prospect, he began work to develop it. A fifteen foot dam was constructed, and the lake, spring fed, gradually rose to its former level.

From a pond with a marshy margin it speedily became a crystal clear expanse of more than a hundred acres, with a clean wooded shore line, setting in a natural amphitheater of great beauty. No aged growths mar the lake bottom. The forest stands untouched by ax or fire. Lake Eara is a new creation—a lake made to order.

BUSH GROWN POTATOES.

Connecticut Farmer's Product Said to Beat Old Varieties.

Farmers in the vicinity of Waterbury, Conn., are much interested in the growth by Samuel Wilson of Wolcott of a hybrid potato on bushes like gooseberries. Wilson has kept his methods secret, but the product is a cross of the yellow tomato on the sweet potato.

Food experts have already reported the product to be far more nutritious than the Irish or sweet potato and more easily grown. They boil in five minutes, bake in eight and will keep in any form in hot weather.

Stiles Wheeler was experimenting with the vine grown hybrids this summer when Wilson, seeing his progress, took up the work with great success. The Waterbury grange was invited to a body to see Wheeler's beds of new fangled bush grown potatoes.

Odd Cure For Deafness.

Ralph Martin, who was deafened at Spokane, Wash., a few weeks ago, when lightning struck and killed a team he was driving, has recovered his hearing in a most peculiar way. Noting that he was less deaf in sunlight than in shadow, Martin thought the sunlight might cure him and lay for days with his head on the ground, exposing first one eardrum and then the other to the beams of the sun. His hearing is now as good as ever.

THREE MEN ARRESTED.

Charged With Being Accessories to an Attempted Murder.

Chicago, Aug. 17.—Stephen C. Summer, for many years prominent in trades union affairs and a candidate for the nomination for clerk of the appellate court in the recent primaries here, was held with two other union officials as an accessory to the attempted murder of Wirt B. Steyer, a milk dealer of Kensington, a suburb. Steyer was shot down in a barn in the rear of his home by one of three men, none of whom has been arrested. The shooting is believed by the police to have been the work of a "working crew" and to have been caused by Steyer's refusal to rejoin a milk drivers' union from which he had resigned. He was shot above the heart and the wound is expected to prove fatal. Summer has been business agent of the Milk Wagon Drivers' union for ten years. The men arrested with him were Harry Ferry, a business agent of the United Teamsters' union, and George Turner, secretary of a local milk dealers' union.

Academy, S. D., Aug. 17.—Twenty guests at a hotel in Langford were poisoned, a number of them narrowly escaping death. The trouble was supposedly from eating canned vegetables. The whole hotel was transformed into a hospital, and several doctors worked all night to save the lives of the victims.

LINCOLN CENTENNIAL PLANS.

Big Celebration to Be Held in Springfield Feb. 12, 1909.

Preparations are being made for the celebration on an elaborate scale of the one hundredth anniversary of the birth of Abraham Lincoln on Feb. 12, 1909. The exercises will be held in Springfield, Ill.

The entire proceedings will be under the general direction of the Lincoln Centennial association, which includes among the charter members Melville W. Fuller, chief justice of the United States; Senators Cullom and Hopkins, Speaker Cannon, Adlai E. Stevenson, Governor Deneen, ex-Governor Richard Yates and many others prominent in Illinois affairs.

Under the auspices of the association effort will be made to have the day generally celebrated throughout the country as well as in Springfield, Lincoln's home, and the resting place for his body.

The programme in Springfield will include formal ceremonies at the tomb in the morning, a public meeting in the afternoon and a banquet for 1,000 guests in the evening.

Invitations have been issued to President Roosevelt, the members of his cabinet and to the ambassadors, ministers and consuls of the foreign governments to attend.

Two features of the celebration have been practically agreed upon, and the educational authorities of each state will be asked to carry them into effect. These are that the same programme which will be carried out in Illinois be also observed in every schoolhouse in the country and that at a certain hour of the day every school child in the land shall stand and while facing in the direction of Springfield repeat the brief speech that Lincoln uttered as he bade farewell to his friends and neighbors in Springfield the day he left for Washington in 1861.

WOMAN BADLY BURNED.

Jumped From Window While Madened by Pain.

St. Paul, Aug. 17.—Maddened by pain caused by flames which enveloped her body, Mrs. Fannie Dudo-vitz, 590 Temperance street, leaped through a window of her home, following the flight of her ten-year-old daughter, Eva, through the same exit, leaving a two-months-old child in the room in which the flames were raging. The flames had already begun to devour the buggy in which the baby was sleeping when J. O'Connor rushed into the house and carried the child to a place of safety. The fire department was called to extinguish the blaze in the house.

The mother was seriously burned and was taken to the city hospital.

The fire started from a gasoline stove.

HUSBAND AND WIFE SLAIN

Neighbor Arrested in Connection With the Double Murder.

Columbus, O., Aug. 17.—Arthur Neidlander, aged thirty-four, and his wife, aged nineteen, were found dead, the former in a room above his grocery store and the woman in the street adjoining the store. Both had been shot and stabbed.

The police have arrested John Newkirk, a neighbor. He is said to have threatened to kill the couple because their dog bit his mother recently.

AGED MINNESOTA WOMAN IS SLAIN

Brutal Murder Committed at Grand Rapids.

Duluth, Aug. 17.—Mrs. George Cochran, aged seventy-one years, was murdered in the front yard of her own residence in Grand Rapids, Minn. The whole northern part of the state is shocked at the tragedy, and a motive is wanting. The woman was slashed to death with a knife, and there is no real clue to the murderers as yet.

The discovery was made by Ben and Michael Lieberman, who were walking home after midnight past the Cochran home. They heard faint cries of distress in the yard and made an investigation. They were shocked to find the aged woman covered with blood and in a dying condition. The woman expired in the arms of her would-be rescuers, and at no time after they found her was she in condition to make a statement. At the moment the men discovered her, the woman was trying to rise from the ground and blood spurted in jets from numerous wounds.

The tragedy must have occurred within a very few minutes before the Liebermans discovered her. The men immediately investigated the house and found evidences of a severe struggle. The furniture was upset, the stove torn down and curtains pulled from their fastenings. Some of the woman's clothing was torn from her body.

Robbery could scarcely have been the motive, for the woman was poor. Mr. Cochran is a cook and works at Hibbing.

Severe Squall at Duluth.

Duluth, Aug. 17.—A severe squall, accompanied by heavy rain, struck Duluth and vicinity and several yachting parties had narrow escapes. One boat, with Frank Farrell and a party of five others, is still missing.

The New Farmer.

Women who have gone into truck gardening on Long Island are proving that the male farmer lacks either skill or industry. Most of the women took up the growing of "table greens" largely as a recreation, but they have developed a business that pays enormous profits. One of the big officials of the Long Island road who has had a splendid opportunity to watch the growth of the small farms run by these enterprising women says that the product has been increased per acre nearly 30 per cent. These women seem to be able to make chickens thrive where failures had been recorded. In one instance an average of 240 eggs a year per chicken has been authenticated. These fair sex farmers constantly study their work and prove that the field as well as the workshop suits the new woman.

Famous Gospel Song Writer.

Professor Winfield S. Weeden, who died suddenly the other day at Bisby Lodge, in the Adirondacks, was famous on two continents as an author of gospel songs and as an evangelistic chorus leader. He worked notably with Dr. J. Willbur Chapman and William Phillips Hall.

BURBANK'S BRITISH RIVAL.

Evolution of Oat Plant Astonishingly Accelerated by Lancashire Farmer.

Some of the achievements of that remarkable horticulturist, Luther Burbank, in southern California seem to have been rivaled in England by a Lancashire farmer. It is said that on Garton's seed grown near Warrington a single oat plant surpasses by several hundred cereals any plant ever grown in the world. It is the product of twenty-seven years' practice of a process called "accelerated evolution" and has been obtained by crossing a highly developed oat with certain varieties of wild oats which have an incalculable capacity for generating seeds.

By these means the Lancashire farmer obtains a yield of 100 bushels an acre, something over twice what is considered a good yield in other parts of the country. So practical has this process been found that in thirty years the yield of some crops has been completely doubled, and it may reasonably be expected that a similar increase will take place within the next thirty years.

New Game Bird in New York State.

A new species of the pheasant has been seen in the vicinity of Manchester, N. Y., of late, and it is attracting many sportsmen to that neighborhood. It is said to be a far handsomer bird than the Mongolian pheasant, and those who claim to know say it is a Japanese pheasant. When a careful watch was kept to examine the bird it was found that the head and neck were of steel blue, reflecting brown, green and purple in different lights. The back and wings exhibit a fine mixture of orange, red, black, brown and yellow. The breast is red, each feather magnified with black and reflecting different colored tints. It has a large tail, probably one and a half feet in length. It is always alone and never seems to mingle with birds of the Mongolian species.

MURDER IN CHICAGO.

Colored Religious Fanatic Kills an Aged Negro.

Chicago, Aug. 17.—The negro residence district of Chicago was thrown into a state of excitement by the murder of Mrs. Lucy Briggs, sixty-five years of age, colored, in her home at 2312 Dearborn street by Clayton N. Williams, also colored. Williams beat the woman to death with a rocking chair after dragging her into a bedroom off the kitchen where she had been preparing a meal. He was arrested a few minutes later after a desperate resistance. As nearly as the police were able to learn, Williams was a religious fanatic and had become excited over the race trouble at Springfield. He became possessed with the idea that Mrs. Briggs, with whom he boarded, was controlled by evil spirits, of which he decided to rid her. The chair with which he had brained the woman was found splintered and blood stained when the police broke down the door behind which Williams had constructed a barricade of furniture.

RESULT OF RIOT AT SPRINGFIELD

Two More Deaths From Injuries Are Recorded.

ATTEMPT TO CUT THE WIRES

But Troops Manage to Frustrate Efforts to Sever Lines Leading into the City Hall—"Shafter Cavalry" in Action.

Springfield, Ill., Aug. 17.—Two deaths from injuries received in previous mob fights, the attempted cutting of the fire alarm wires, the exoneration of Private J. B. Klein of Company A, First Illinois Infantry, by a court of inquiry for the killing of Earl Nelson at Kankakee, and the pursuit of a mob by guardsmen were the chief developments in the race war in Springfield.

The attempt to cut the telephone and fire alarm wires leading into the city hall was successful. A policeman saw three men on top of an out-building trying to reach the lines overhead. He turned in an alarm to the headquarters of General Wells, commanding a provisional brigade, and the latter dispatched a wagon load of soldiers to the scene. They arrived before the trio had done any damage. The would-be wire cutters fled, leaving their nippers behind. They escaped.

The court of inquiry which considered Private Klein's case was composed of Major James Miles, Captains J. Judson and S. F. High and Lieutenant F. A. Guilford, all of the First Illinois. After sitting all day, they reported to Adjutant General Scott that Klein's act was performed in the strict line of duty. Klein had been placed as one of a guard of the baggage car on the first section of the Illinois Central train which brought the First Infantry to Springfield. The train was a special one and the baggage car contained property owned by the state. Klein, guarding the front door, was instructed by Lieutenant Guilford to allow no one not officially countenanced to enter the car. At Kankakee, four young men, according to the report, climbed to the front platform and attempted to enter the car. Klein barred the way, using the only weapon available, a bayonet. As the train started, the four youths left the platform. Klein was not aware that Nelson nor any one had been injured. State's Attorney Cooper of Kankakee probably will institute action against Klein in the criminal court at Kankakee. The attorney general of the state is compelled by law to defend national guardsmen in such cases.

Suppressed an Incipient Riot.

A platoon was sent to Harvard park, a suburb on the southwestern side of the city, to quell an incipient riot. Shots had been fired at a house inhabited by negroes, but no one was injured and on the approach of three wagon loads of soldiers the attackers fled. The district is near a shaft of the Central coal mine, many negroes being employed in the workings. It has been considered a dangerous spot, but the demonstration is thought to have been the work of a few individuals.

A genuine scare was caused at the headquarters in the arsenal after a squad had been sent to disperse a crowd at Allen and Spring streets. Five minutes later a report reached Lieutenant Colonel Eddy that shots had been fired in the threatened district. He immediately sent a full platoon to the place to reinforce the squad. When the additional soldiers appeared the crowd broke and ran. The soldiers pursued them for several blocks and the district, which is near the scene of Saturday night's lynching, was in an uproar for a few minutes.

The arsenal was crowded with negro refugees from Springfield and surrounding towns. About 200 men, women and children sought shelter in the building and slept on the floor or in chairs. Most of these people were old and infirm, but they endured the hardships of their quarters rather than face the prospect of passing the night in their homes, beset with momentary fears of attack. Colonel Sanborn and General Wells, commanding two provisional brigades formed, increased the mobility of their forces, augmented by the arrival of the Second Infantry from Chicago, by using farm wagons. The use of autos was discontinued and but few patrols were sent out on street cars. General Wells had ten vehicles and Colonel Sanborn as many more. "Just as good as horses," said General Wells. "When we get the alarm from the city hall I just order my 'Shafter cavalry' into the wagon and they are off in no time."

VIGOROUS CAMPAIGN.

Will Be Waged by Democrats in Northwestern States.

Chicago, Aug. 17.—A fight to swing the Northwestern states into the Democratic column is being outlined by the Democratic national committee and Chairman Mack is contemplating a trip to the West to rally the leaders of the party along the Pacific coast to vigorous action. Reports received at Democratic headquarters here indicate, the leaders say, that Montana and other states in the mountain region form a promising battleground for the Democrats. John A. Atwood, head of the speakers' bureau, said that he would be prepared to send well known speakers into the Western territory to wage a lively campaign in every debatable district. Chairman Mack expects to make his Western trip during the latter part of September.

National Committeeman Martin J. Wade of Iowa has left here for Buffalo, where he will open the national campaign in New York state with a speech under the auspices of the national committee.

DESTROYED BY FIRE.

Engine House and Four Locomotives at Minnedosa, Man., Burned.

Winnipeg, Man., Aug. 17.—The Canadian Pacific railway had their engine house and four locomotives at Minnedosa, Man., destroyed by fire. Minnedosa is 100 miles northwest of here on the Yorkton branch. The fire originated from an engine standing for repairs. The freight office, rolling stock and elevators were destroyed. Minnedosa is a divisional point and the fire occurring at this season of the year will seriously affect traffic.

NOVEL SUGGESTION TO BE ACTED UPON

Democrats Have Unique Plan to Obtain Votes.

Lincoln, Neb., Aug. 17.—A suggestion novel in its character and regarded by Democratic leaders as one calculated to strengthen the party in the campaign will be acted upon by the Democratic national committee on the occasion of the visit of W. J. Bryan to Chicago next week. Much stress is being laid by the Democratic nominee on the plank in the Denver platform relating to the guarantee of bank deposits, and this topic will be discussed quite fully by him in his speech at Topeka Aug. 27. If the suggestion is followed, and there is reason to believe that it will be, every community in which a bank has failed during the past year or more will be given especial attention by the literary bureau. The sufferers from the failures will be sought out and provided with arguments through which it is hoped to convince them of the soundness of the guaranty plank.

Mr. Bryan as usual attended morning services at the little Methodist church in Fairview. In the afternoon a number of automobilists from Lincoln, among them Mayor Frank W. Brown, rode out and made neighborly call on the Bryan family. When the party arrived Mr. Bryan was out on his farm, but he was notified of the presence of his callers and he quickly returned to the house. Matters political were not touched upon. As his visitors were leaving some one suggested to him that he had land enough for a full golf course, but he expressed a preference for baseball, remarking that the national game was a co-operative one, whereas playing golf one had to "go it" more or less alone.

WAR MINISTER DEAD.

New Turkish Cabinet Suffers a Great Loss.

Constantinople, Aug. 17.—The new cabinet has suffered a great loss in the sudden death of the war minister, Redjeb Pasha, from heart disease.

The governmental programme, which occupies more than two columns in the newspapers, has been published. Its salient features include a declaration that all laws and regulations not compatible with the new regime will be amended; that the army, the navy and all government departments will be reorganized; that nonmusclemans will be eligible for military service. The programme promises that commercial treaties will be renewed and best relations cultivated with all the powers.

WITNESS TELLS ABOUT TRAGEDY

Describes the Killing of Annis by Captain Hains.

SAYS VICTIM WAS UNARMED

Army Officer Shot Down Defenceless Man While His Brother Held Spectators at Bay—Prisoners Exhibit No Concern Over Their Predicament.

New York, Aug. 17.—The arraignment of Captain Peter C. Hains, Jr., U. S. A., who on Saturday shot and killed William Annis on the landing float of the Bayside Yacht club at Bayside, L. I., has been postponed for a day. Similar action was taken in the case of T. J. Hains, brother of Peter C. Hains.

The two men were removed to Long Island City from Flushing police station, where they spent the night in separate cells and were at once taken before Magistrate Smith. The brothers appeared absolutely unperturbed and neither showed any trace of the uncomfortable night spent in jail. While Magistrate Smith was reading the charge of homicide brought against them, they maintained an attitude of unconcern.

Upon concluding the reading of the charges, the magistrate asked if the prisoners were represented by counsel. To this Thornton Hains replied that he had communicated with his lawyer and that the latter had promised to be in court at Flushing. The case was thereupon adjourned and Captain Hains and his brother were taken to the Queens county jail.

The discovery has been made that Annis received several threatening letters within a few days of the shooting. The letters, according to Annis' fellow club members, were found in his pockets after his death. They were turned over to District Attorney Darrin.

Charles H. Roberts, who helped to pull Annis out of the water after he had been shot and who was prevented from going to his assistance by Thornton Hains' leveled revolver, said in recounting the incidents of the shooting:

Emptied Revolver into Victim.

"Annis was seated at the tiller of his sloop bringing her to the float. Louis Harway, who was in the boat with Annis, was forward warding her off from the float. Peter Hains saw Harway first and walking to him, pressed his revolver against his chest. Harway, thinking the performance a joke, playfully brushed the captain's arm away. Hains by that time had realized his mistake and crouching down so as to get on a level with Annis, emptied his revolver into him. Annis was in his bathing suit, unarmed, defenseless and unprepared. With the firing of the first shot Mrs. Annis, who with fully half a hundred ladies and children was on the pier, called out shrilly 'look out, Willie.' Almost at the same time I rushed toward Captain Hains, but before I had gone two steps his brother, Thornton Hains, stood before me, a revolver pressed against me. 'Stand back,' he shouted, 'this is a matter between these two.'

"By that time Peter Hains had completed his work. Annis, with six bullets in him, rose from his seat in the boat and attempted to step from it to the float. One of the bullets had lodged in his knee, however, and as he stood up his leg gave way and he toppled over into the bay. Wounded to death as he was, Annis still had the marvelous grit to try to swim to the float. He took two strokes and this brought him near enough for me to grab him and pull him upon the float. Meantime our boatman had knocked the now useless revolver out of the hands of Peter Hains. It lay on the float and I picked it up. Thornton Hains still stood with his weapon in his hand, however, and for a time refused to surrender it.

"Annis, who was moaning faintly, stretched out on the float, turned to Peter Hains and said, 'Captain, you have made a horrible mistake.' Peter Hains hesitated a minute and replied, 'I may have, but I don't believe so.'

Mrs. Hains, the cause of the tragedy, left her father's home in Winthrop, Mass., within two hours of the time she was apprised of the shooting. She arrived in this city and immediately went to Fort Hancock, Sandy Hook, where her children are with their grandmother.

Preacher—When tempted to drink, think of your wife at home.
Leopold—I do, and that's what drives me to drink.

You should know if you don't

RETIREMENT OF ADMIRAL EVANS

Navy Will Lose One of Its Most Picturesque Figures.

SERVED FOR FORTY-FIVE YEARS

Received His Baptism of Fire at Fort Fisher During the Civil War—Commanded the Greatest Fleet of Fighting Ships Ever Assembled Under the American Flag.

Washington, Aug. 17.—With the retirement from active service next Tuesday of Rear Admiral Robley D. Evans—"Fighting Bob"—the United States navy loses one of the most picturesque figures that ever trod a quarter-deck. Forty-five years have gone by since Evans as a young ensign received his baptism of fire at Fort Fisher during the Civil war.

REAR ADMIRAL EVANS.

During that span of years he has served his country gallantly, well earning the reward of rest which a grateful people give.

It has been his fortune to command the greatest fleet of fighting ships ever assembled under the American flag. Moreover, he successfully plotted that fleet to the end of one of the most remarkable cruises in naval history as the culminating act of his brilliant career. Famous in war, he has become great in peace and many of his countrymen still are hopeful

that congress will honor him by creating him a vice admiral, a rank sec-

ond only to that of the Manila bay hero, Admiral Dewey.

Born in Floyd county, Virginia, Aug. 18, 1846—sixty-two years ago—at the age of eleven he came to Washington to live with his uncle, a newspaper man, upon the death of his father, Dr. Samuel Andrew Jackson Evans.

Joined the Federal Forces.

Securing an appointment to the naval academy from the territory of Utah, he entered that institution Sept. 15, 1860. When war broke out between the states his mother, assuming that he would take arms for his state against his country, sent in his resignation to Washington and it was promptly accepted. Young Evans was determined, however, to stand by the Union even against his own family, and had himself reappointed, greatly to his mother's chagrin. He was graduated in 1863 and served with honor throughout the remainder of the conflict. He became a lieutenant in 1866, and lieutenant commander two years later and a commander in 1878. He reached the grade of captain in 1893 and as such officer served through the Spanish-American war, commanding the battleship Iowa at the battle of Santiago. He was promoted to the rank of rear admiral in 1901.

Rear Admiral Evans has been in poor health for some time past and though suffering from rheumatism when the battleships sailed from Hampton Roads last December, he persisted in his determination to take the fleet around Cape Horn. He was ill during nearly the entire voyage and continued so until after he was relieved of command May 9, last.

It was during the period of strained relations with Chile that he earned the sobriquet of "Fighting Bob." He was in command of the gunboat Yorktown, stationed at Valparaiso, which place he threatened to efface from the topography of Chile in such vigorous and earnest language that the haughty Latin-Americans speedily released the American sailors whose frolic ashore had led to a riot and incidentally to an unpleasant diplomatic situation.

Rear Admiral Evans probably has done more than any living man to unify this country's floating fighting force.

With a singular appropriateness, "Fighting Bob" Evans' retirement will be celebrated next Tuesday in the "Temple of Peace" at Lake Mohonk, N. Y., where he has been convalescing and spending the summer.

Three Drowned While Bathing.

Grand Isle, Vt., Aug. 17.—Miss Lucy Perry and Miss Sarah Dishaway of Plattsburg, N. Y., and Miss Elizabeth Dishaway of Brooklyn, N. Y., were drowned while bathing in Lake Champlain.

Lynching in Prospect.

Baton Rouge, La., Aug. 17.—Bloodhounds have been sent from here to Burton, La., where a posse is in pursuit of a negro who attempted to criminally assault a twelve-year-old white girl. If captured the negro will probably be lynched.

TAFT WILL GO ON A FISHING TRIP

Intends to Stay for a Week on Middle Bass Island.

Hot Springs, Va., Aug. 17.—Candidate Taft and party will leave Virginia Hot Springs Friday, Aug. 28, for a week's fishing in Lake Erie, at the end of which he will go to Cincinnati, September 5 or 6, to remain until election day. The announcement of the itinerary which is to conclude the candidate's pre-campaign vacation has just been made. Mr. and Mrs. Taft will be the guests of the Middle Bass club, the headquarters of which are on Middle Bass Island, a short distance out in Lake Erie from Put-in-Bay. The club claims distinction for having had as members Presidents Hayes, Garfield and McKinley, and being the host on a number of occasions of President Cleveland. The visit of the Taft party was arranged by Charles T. Lewis of Toledo, president of the club, and Representative J. Warren Keffer, member of the club. Mr. Taft is fond of fishing, and has been induced to believe that the change for a week from the mountains to the lake will put just the proper edge on his condition of fitness for the front porch work he is to do in his native city.

Arrangements are nearing completion for the one political event in which Mr. Taft is to participate before leaving here, the rally of Virginia Republicans next Friday. John A. Noon and H. T. Voorhees of Stanton, Va., in charge of the arrangements, have informed Mr. Taft that the railroad excursion alone will bring 5,000 Virginians to the mountains to hear Mr. Taft speak. Three train loads are expected from Charlottesville, but the Shenandoah valley is expected to furnish most of the visitors—from Augusta, Highland, Bath, Rockingham, Shenandoah, Page, Rock Bridge and Botetout counties.

Killed Before a Crowd

Paterson, N. J., Aug. 17.—In the presence of several thousand spectators at the Clifton Cycle stadium "Sonny" Bridge, a motor cyclist and former lightweight pugilist, was thrown from a motor cycle which he was testing on the track and was instantly killed. Bridge had been scheduled to ride a twenty-mile race with James Moran.

Two Drowned in Delaware Bay.

Wilmington, Del., Aug. 17.—Clarence Dutton, aged twenty-five, and Nellie Nickerson, aged twenty years, both of Chester, Pa., were drowned while bathing at Bowers Beach on Delaware bay.

Brainerd Business College

Fall Term begins Sept. 1st

Every subject taught in the leading business colleges of the United States, will be presented this fall. Write at once for particulars. Positions for graduates.

To WHOM IT MAY CONCERN:
This may certify that I have attended the Brainerd Business College during a period of three months. The instruction I received could hardly be improved on. The school carried out all its agreements with me and my experience at the college has been in every way satisfactory.
C. H. PATEK.

To WHOM IT MAY CONCERN:
I take pleasure in stating that during the spring and early summer, I was a student in the shorthand department of the Brainerd Business College. The school proved to be a stronger institution than we had anticipated. If I could have had better instruction anywhere, it is difficult for me to see in what particular the improvement could be made. It seemed to me that the course of study in my department was altogether satisfactory.
MAE BELLE GREWCOW, Stenographer for J. M. Elder

OUR PURPOSE

MONDAY, AUGUST 17, 1908

Aug. 16 in History.

1777—Battle of Bennington, Vt.
1851—Lopez, the first great Cuban leader, captured and executed.
1903—Noah Brooks, well known author, died; born 1830.

Aug. 17 in History.

1785—Jonathan Trumbull, close friend of Washington, died; born 1710. Trumbull was governor of Connecticut, and Washington often consulted him in emergencies. "Let us hear what Brother Jonathan has to say" was an expression often on Washington's lips.
1880—Ole Bull, the Norwegian violinist, died; born 1810.
1906—Earthquake shocks affected 14 cities of Chile, Valparaiso being nearly destroyed.

ASTRONOMICAL EVENTS.

Sun sets 6:51, rises 5:09; moon rises 10:24 p. m.; moon's age, 21 days; 3 p. m., planet Jupiter passes from east to west of the sun and thus changes from evening to morning star.

WEATHER FORECAST

Generally fair tonight and Tuesday, cooler south portion tonight.

CONGRESSMAN LINDBERGH has the distinction of being one of two Minnesota congressmen who has the courage to state that they are opposed to the reelection of Speaker Cannon, says the Alexandria Post News. Congressional candidates in other states are making this an issue in their campaign. In Wisconsin Hon. Irvin L. Lenroot, speaker of the last legislature of that state, pledges himself as follows: "If elected, I promise to vote against Cannon for speaker. I would rather if elected be without any committee assignments at all, and free to represent your wishes in my votes, than be chairman of the committee on judiciary representing Cannon's will. If elected I will not vote with the Republican majority when I believe it to be wrong, and I will vote with the Democratic minority when I believe it to be right, and it sometimes is right. I shall vote for legislation in the public interest proposed by Republicans if I can, by Democrats if I must, in order to vote for it at all."

Miss Ivy Wagar returned Saturday evening from a visit to Minneapolis.

J. L. Smith came down from Backus this morning and went to Minneapolis.

Mrs. Charles Schell and daughter, of St. Cloud, were Brainerd visitors last night.

Store your stoves and household goods with D. M. Clark & Co.

W. E. Erickson returned today from Aitkin, where he spent Sunday with friends.

W. G. Nichols and wife, of Des Moines, Iowa, were in the city over Sunday.

Does baby need a go cart? We have what you want, D. M. Clark & Co.

Miss Jennie McClary and the Misses Sykora were Deerwood visitors Sunday afternoon.

Dr. and Mrs. Albert Johnson, of Spokane, are visiting their old time friends in this city.

Judge McClenahan arrived today from Grand Rapids, where he has been holding court.

Awnings! Awnings! D. M. Clark & Co.

Mrs. E. E. Niles and children went to Merrifield today to remain for a couple of weeks.

Miss Bertha Linnemann, of Minnetonka, arrived in the city today to visit relatives for a few days.

Miss Lottie E. Losey, of Galesburg, Ill., is in the city visiting at the home of her brother, A. E. Losey.

D. M. Clark & Co., the largest installment house in the city. Goods sold on easy payment.

Frank Egan went to International Falls today on business for the Minnesota & International railroad.

B. L. Lagerquist, Arthur Drogseth and Gus Raymond came in today from the latter's cottage at Gladstone.

The best in fruit jars. Schram's Automatic Sealers. D. M. Clark & Co.

Misses Emma, Agnes and Dorothy Gibb returned today from Minneapolis, where they have been for some time.

Mrs. Cohen, daughter of Mrs. Wm. Erb, returned to Minneapolis today after spending Sunday with her mother.

There will be an ice cream social at the home of Mr. and Mrs. A. Angel, 424 7th St. S. this evening. Tickets 15c.

Dr. and Mrs. S. W. Mower spent Sunday with friends in this city and left today for their home in South Tacoma.

Mrs. C. B. Rowley and little daughter left this morning for Dakota City, Iowa, to visit relatives for a couple of weeks.

Misses Clara and Olive Guerin and Miss Ida McCauley, of Little Falls, were guests of Mrs. Kylo Saturday and Sunday.

Rohne & Flaata will sell their bicycle stock at greatly reduced prices.

Supt. W. H. Strachan went to Walker today in the motor car accompanied by Chief Dispatcher Warner and Dr. Batcheller.

Supt. E. C. Blanchard and Trainmaster K. M. Nicles came down from Duluth Sunday night and were in the city today on business.

S. A. Ryan returned to St. Paul today after spending Sunday with his brother, M. E. Ryan. His family remained for a longer stay.

THIS MEANS YOU.

Prepare for a rainy day by opening an account with the SECURITY STATE BANK, Koop Blk.

A social dance Saturday evening, August 22, at Gilbert lake. Bussleaves bank corner at 8:30 and 9 o'clock.

Mrs. Lizzie McDonough, of Wheatland, N. D., left for her home today after a ten days visit at the home of her daughter, Mrs. J. G. Smylie.

MONEY IS ALWAYS READY: To earn money when given an opportunity. We furnish the opportunity. SECURITY STATE BANK, Koop Blk.

Mrs. Henry Horn and Miss Isabel Horn, Stevens Point, Wis., mother and sister of Mrs. Geo. Putz, returned home today after a visit at the Putz home.

Mr. and Mrs. John Imgrund are the proud parents of a fine baby boy. Mother and child are doing nicely. This is the sixth little one to come to brighten their home.

Jacob Schmidt's bottle beer is delicious. We have the agency. Order a case. Telephone 164 John Coates Liquor Co.

James Simpson, an employee of the Northern Pacific shops here in 1883-5, and now master mechanic of the Fargo division, is in the city today shaking hands with old friends.

THE SALARIED MAN who is "let out" suffers double humiliation if he has no savings account. SECURITY STATE BANK, Koop Blk.

Hugh McMonagle, a saloon keeper at Staples died this morning at Aitkin at the home of a sister, where he had gone to spend Sunday. The body will be taken to Staples for burial.

The best roofing for the money. Amate! D. M. Clark & Co.

Mr. and Mrs. F. A. Farrar returned Saturday evening from a trip to Duluth and down the great lakes to Mackinac Island. They were gone about ten days and report a very pleasant trip.

WHEN YOU FIND YOUR MONEY is earning something you feel more like saving. SECURITY STATE BANK, Koop Blk.

The Ladies of Iola Council, No. 15, Degree of Pocahontas, will give one of their pleasant dances in Columbian hall on Friday evening, August 21. All are cordially invited to attend as a good time is promised.

Attention sportsmen. We have the best and latest in guns, rifles, and ammunition. Guns to rent. D. M. Clark & Co.

L. D. Brown, of Little Falls, and Chas. W. Bouck, of Royalton, candidates for the legislature, came in from the south today. Mr. Bouck remained in the city while Mr. Brown went to Deerwood on the afternoon train.

J. W. Stearns, the dray man had the misfortune to lose a valuable horse last night. The animal became cast in his stall in some way and when Mr. Stearns went to the barn this morning he found him dead. The horse was a large draft animal and the loss is a heavy one.

Robert Small, the little son of Mr. and Mrs. John Small, who has been here for some time from New Mexico, was operated upon at the Northern Pacific hospital today for appendicitis and other troubles. He is getting along nicely this afternoon and a speedy recovery is expected.

SMILE AND BE PROSPEROUS.

Platform of the Optimistic League of Montclair, N. J.

The Optimistic league has been organized at Montclair, N. J., with the following resolutions:

Whereas, We believe that the business depression which we have all been enjoying the last few months is due primarily to a lack of confidence; and

Whereas, We believe that prosperity does exist if good, patriotic citizens will only recognize it; and

Whereas, We believe also that the best way to hasten the good times which are surely here is to take an optimistic view of things;

We, the undersigned, have decided to form an association to be called the Optimistic League.

All enthusiastic citizens are eligible to membership in the organization if they will agree to smile at least once a day and do everything in their power to spread the habit of smiling.

As a Family Medicine

Lots of suffering would be avoided and much serious disease prevented if every family did as the writer of this letter suggests.

He has found out from experience with many medicines that there is nothing so good as Dr. A. W. Chase's Kidney and Liver Pills as a family medicine for biliousness and constipation.

Such diseases as Bright's disease, diabetes and appendicitis almost invariably arise from neglect to keep the liver, kidneys and bowels regular.

This emphasizes the wisdom of keeping Dr. A. W. Chase's Kidney and Liver Pills constantly at hand.

MR. WM. PALARDY, 146 Summer St., Central Falls, R. I., writes:—"I think Dr. A. W. Chase's Kidney and Liver Pills most excellent as a cure for biliousness and constipation. We would not think of being without them in the house as a family medicine. I have used many medicines but none ever suited my case so well."

One pill a dose, 25 cents a box, at all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

NORTHERN PACIFIC
BUYS MUCH LAND
Minnesota Park Region Land
Company and J.M. Elder Part
With Big Holdings

ONLY NOMINAL CONSIDERATION
Land Covered by Deeds all Lays
East and Southeast of the
Mississippi River

One of the heaviest land transactions in the history of Crow Wing county was placed on record in the office of the register of deeds late Saturday afternoon. The transaction, or rather the two transactions were negotiated by J. M. Elder with the Northwestern Improvement Association. This company is the holding corporation of the Northern Pacific railroad company and is the same concern which a short time ago took an option on a large amount of these lands, and which has been drilling extensively in the past two years.

One deed runs from Mr. Elder and his wife and covers 2,708.15 acres of land located in the towns of Garrison, Bay Lake, Maple Grove, Nokay Lake and Daggett Brook. The other runs from the Minnesota Park Region Land Company and conveys 9,570.89 acres situated in the towns of Garrison, Bay Lake, Platt Lake, Maple Grove, Nokay Lake, Daggett Brook, Oak Lawn and St. Mathias.

The consideration in each instrument is given as "\$1 and other valuable consideration."

All parties concerned refuse to talk of the transfer, one of the stockholders of the Minnesota Park Region Land company saying the lands were not bought because of the mineral, but admitting that the Northwestern Improvement association would probably investigate them. By those interested in the delopment of the Cuyuna range this transfer is considered one of the most encouraging events in the history of the range and is taken as an indication of the intention of the Northern Pacific to push the development of the Cuyuna range and to the end that this road may enjoy the revenues from hauling ore.

Well posted real estate men put the value of the lands conveyed, as a mere farming proposition, in the neighborhood of \$200,000, and as an iron proposition their value is problematical, but is doubtless several times that amount.

Attention, Asthma Sufferers!
Foley's Honey and Tar will give immediate relief to asthma sufferers and has cured many cases that has refused to yield to other treatment. Foley's Honey and Tar is the best remedy for coughs, colds and all throat and lung trouble. Contains no harmful drugs. H. P. Dunn.

The Roosevelt Policy
Congressman C. A. Lindbergh has received a group picture of the family of Charles J. Lamusga of Browerville with a request that he forward the same to President Roosevelt to show that Mr. Lamusga recognized the importance of large families before the president made his world famous plea in that behalf.

The family consists of Mr. Lamusga and his wife Francis, who were married in 1884, and their eleven boys and two girls. All the family are healthy, robust, good looking, a credit to Tod county and worthy of congratulations. In the language of Abraham Lincoln, this family should be a powerful suggestion to all newly married couples, "Go thou and do likewise" and be happy. The picture has been forwarded to the president.—Transcript.

A Boon to Elderly People
Most elderly people have some kidney or bladder disorder that is both painful and dangerous. Foley's Kidney Remedy has proven a boon to many elderly people as it stimulates the urinary organs, corrects irregularities and tones up the whole system. Commence taking Foley's Kidney Remedy at once and be vigorous. H. P. Dunn.

GUN CLUB SCORE

PRESIDENT'S SECRETARY HERE

Secretary Loeb and Party of Friends
Passed Through the City Today
Enroute to Kabekona Camp
"The Yellowstone," the private car of President Elliott, came in from St. Paul today on No. 91 and was taken to Backus on the Minnesota & International railroad. In it were George Thompson, of the St. Paul Dispatch, accompanied as his guests by Mr. Loeb, private secretary to President Roosevelt, John R. Miller, president of the Capital National bank, of St. Paul, and Gustav Scholle, consul to Warsaw, Russia. The party will spend the week at Kabekona camp, Woman lake, returning to the twin cities next Monday.

How's This?

We offer one Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. Cheney & Co., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him. W. L. DING, KINNAN & MARVIN.

EVERY ONE GETS VERY BUSY

A Force of 65 Men Will be Set to Work Treating Railroad Ties at Plant

ANOTHER SWITCH CREW ON Business so Rushing That Car Shops Were Compelled to Run all Day Sunday

Things are getting lively in railroad circles in Brainerd. The tie preserving plant, which has been shut down since early last spring will start up tomorrow morning with a crew of about 65 men. Superintendent Gilson, who arrived from the west this morning, states that there are over 400,000 ties piled up in the yards at the plant and more coming every day. The plant will treat about 4,800 ties per day.

The work at the tie plant, together with the rush at the shops, has compelled the putting on of a third switch engine and crew, which will also commence work tomorrow morning.

The car shops are turning out 10 new stock cars each day and the rush of repair work was such that it was necessary to work the entire force of car repairers, helpers and laborers all day Sunday.

Supt. Blanchard was seen by a DISPATCH representative today and he states that there is a splendid wheat crop and that the Northern Pacific is in excellent shape to handle it. Railroad men generally look for a record breaking fall.

Foley's Kidney Remedy will cure any case of kidney or bladder trouble that is not beyond the reach of medicine. No medicine can do more. H. P. Dunn.

FLASHLIGHT PILOT SIGNAL.

Electric Device to Work in Connection With Steamship Whistles.

No longer will it be necessary for steamboat pilots to keep their ears wide open to hear an approaching vessel's whistle in the night, according to Captain John Dockerty, in command of the Patchogue, one of the largest tugboats belonging to the Long Island Railroad company's fleet, says the New York Herald. Captain Dockerty has installed a flashlight signal system just below the powerful whistle of the tugboat that flashes the signal in bright electric light as the whistle is blown.

Nine electric lamps of fourteen candle power each, with individual reflectors behind them, are placed one above another in a weather tight glass case with solid back. This case is on a standard and higher than the roof of the pilothouse and lower than the whistle, so as not to obstruct the sound.

The whistle cord is connected to an ingenious switch, and as it is pulled for long or short, single or double blasts in the night the flashes from the lamps appear simultaneously.

Captain Dockerty says the invention is invaluable for the night where the whistle may get out of order. It also allows pilots in the cold winter nights an opportunity to keep pilothouse windows closed, as the lights are absolutely accurate in action.

FOUND IN AN OLD TRUNK

Badly Decomposed Body of a Man Who Had Been Shot.

Camden, N. J., Aug. 17.—A party of picnickers while seeking water in a ravine near Mount Ephraim came across an old trunk tied with ropes and half buried in the underbrush. On raising the lid the badly decomposed body of a man tightly wedged in the trunk was found. A wound in the breast indicated that the man had been shot.

Valuable Hint For Singers.

The French minister of marine at Paris proposes to prohibit the wearing of mustaches by bluejackets, as an inquiry has shown that the voice of the clean shaven sailor carries better than that of his unshaved comrade.

OLD RESIDENTS PASSED AWAY

J. J. Stearns Died at Home North of the City Saturday Night of Heart Failure

BERT SABIN, SR., ALSO DEAD

Passed Away This Morning at the Northern Pacific Hospital of Bright's Disease

J. J. Stearns, for many years a resident of Crow Wing county, died Saturday night of heart failure. The remains have been brought to the city for burial but the date of the funeral has not yet been set. Arrangements are held pending the receipt of word from absent relatives.

John Johnson Stearns was born in Spring Arbor, Mich., March 6th, 1841, and was united in marriage at Lake City, Minn., April 28, 1863, to Miss Annie E. Cammish, who survives him. To them were born 14 children, of whom 11 survive, as follows: Mrs. A. M. Nelson, St. Paul; Mrs. M. M. Thompson, Ft. Worth, Tex.; Mrs. L. M. Hess, Superior, Wis.; Mrs. Pearl Harmon, Littlefork, Minn.; Mrs. Emma Hall, Brainerd, Minn.; Mrs. Harlet DeMoe, Menominee, Wis.; J. W. W. Stearns, Brainerd; Fred Stearns, Warroad; Harry Stearns, St. Paul and Walter Stearns, Brainerd.

Mr. Stearns was a veteran of the civil war having enlisted at Lake City, Minn., in February, 1864. He was sent Ft. Snelling and attached to Co. G. 8th Minnesota Volunteers. He was kept at the fort as a nurse and afterwards transferred to the 23d Veteran Reserve and kept on special duty until he was discharged in July 1865.

Bert Sabin, Sr., father of the well known swimmer of the same name, died at the Northern Pacific hospital this morning of Bright's disease after an illness of about ten days. He was taken to the hospital last Monday and all done for him that was possible, but it proved in vain. The funeral will be held at St. Francis church Thursday morning at 9 o'clock, Rev. Father O'Mahoney officiating.

The deceased was born in Syracuse, N. Y., July 10, 1850, and was thus 58 years of age at the time of his death. He was married in Ypsalanti, Mich., to Miss Lena Bickel, who died in this city about six years ago. To them five children were born, of whom only two survive, Bert Sabin, Jr., and Mrs. C. Poppenberg, both of whom reside in this city. Mr. and Mrs. Sabin came to Minnesota 29 years ago, and settled at Rice, coming to Brainerd 20 years ago. Mr. Sabin worked for the past 16 years of his life in the car shops of the Northern Pacific railroad. He was one of the charter members of the car repairers union and was also a member of the A. O. U. W.

How to Avoid Appendicitis

Most victims of appendicitis are those who are habitually constipated. Foley's Orino Laxative cures chronic constipation by stimulating the liver and bowels and restores the natural action of the bowels. Foley's Orino Laxative does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. H. P. Dunn.

frost, since the movement of the air lessens that danger. The forest service will study all sorts of conditions, including the relative value of windbreaks consisting of a single row of trees and shelter belts made up of a number of such rows. A windbreak is usually planted for protection alone, a shelter belt for both protection and the growing of timber.

Corn will be the crop studied behind the windbreak this year. Trustworthy conclusions cannot be obtained by comparing results from different crops. Each crop makes its own demand upon the soil, so that what would destroy one might do little harm to another. Corn is a particularly good crop to experiment with because it is easily injured by hot dry winds, will not stand shading and is very sensitive to frost.

The instruments and apparatus for each state will be read weekly by persons assigned to that duty by the agricultural experiment stations in the respective states. The whole work will be in charge of an expert for the forest service at Washington, who will be assisted in his work by three or four persons, also from the forest service, who will study general conditions in the states under investigation in regard to the effects of windbreaks on crops. The work will continue until crops are gathered in the fall, when the actual yield of sheltered fields will be measured and results compared with nearby unsheltered fields. Some of the observations will continue through the winter.

It is expected that the results will be published both by the forest service and by the experiment stations which co-operate in carrying out the work.

Very Desirable.

On red hot summer days What comfort it would be To have at hand always An educated tree To follow us around the town, no matter where we strayed. And furnish us with shade And, if it were a lemon tree, with lemonade! —John Kendrick Bange in Harper's Weekly.

TWENTY YEARS AGO

Dr. Bigger is looking very closely after his legislative prospects.

Mayor Hemstead has vetoed the measure adopted by the city council to appropriate \$1,000 to buy the fair grounds with. The mayor sets down rather hard on county fairs in his communication, but his action will be sustained by a large number of tax payers.

It has been finally settled that the Brainerd school district cannot negotiate the \$35,000 loan from the state school fund, and the board having decided \$17,000 was all that they would advance. Where the blame rests is unknown to the general public but it is pretty well understood that a little meddling by certain parties who did not wish to see the matter fixed up did the thing.

J. L. Smith and wife have gone to Canada on a visit.

Mrs. P. M. Lagerquist has gone to Grand Forks for a visit.

Eagle Hose Co. No. 4 will give a ball at the Mahlum house next Saturday evening.

Mr. H. A. Lyddon and bride are expected in Brainerd tomorrow from England.

Mrs. John Congdon went to Fargo yesterday for a two weeks visit with relatives.

Miss Blanche Ingersoll has been engaged to teach the Oak Lawn school the coming term.

Mark Howe, of Milwaukee, accompanied by his daughter, Miss Ella arrived in the city Wednesday. The gentleman is a brother of J. J. Howe of this city, and the gentlemen had not met before for thirty years.

Wm. Gurgen and Chas. G. Moores have bought lots 18, 19 and 20 in block 99, of Max Shapiro, and will build a livery barn thereon at once.

The friends of Miss Katie White will be pained to learn that she is dangerously ill at her father's home on Main street.

Mr. J. L. Smith, manager of the opera house informs us that all dates have been cancelled and no more companies will be given dates after next week. The business is so light that it will not pay to encourage any troupes to come. The house has been losing money for six years and will not encourage any more theatrical performances.

Miss Maudie Gleason entertained a party of her young friends Wednesday afternoon in honor her eleventh birthday.

LAKE MADE TO ORDER.

Workmen Turn Insignificant Pond Into Beautiful Lake Eara.

By the enlargement of a small pond Lake Eara, a new lake, has been created which has changed the geography of Lake county, in Indiana, to such an extent that in time a great commercial university will be built.

Two years ago Lake Eara was not of sufficient importance to command a place on the map. In fact, it was only a small pond near Libertyville, Ind., covering scarcely five acres in the center of a basin where in some past age a beautiful lake had existed. The wonderful possibilities of this basin were discovered by A. F. Sheldon, president of the Sheldon school, and inspired by the latent beauty of the prospect, he began work to develop it. A fifteen foot dam was constructed, and the lake, spring fed, gradually rose to its former level.

From a pond with a marshy margin it speedily became a crystal clear expanse of more than a hundred acres, with a clean wooded shore line, setting in a natural amphitheater of great beauty. No aged growths mar the lake bottom. The forest stands untouched by ax or fire. Lake Eara is a new creation—a lake made to order.

BUSH GROWN POTATOES.

Connecticut Farmer's Product Said to Beat Old Varieties.

Farmers in the vicinity of Waterbury, Conn., are much interested in the growth by Samuel Wilson of Wolcott of a hybrid potato on bushes like gooseberries. Wilson has kept his methods secret, but the product is a cross of the yellow tomato on the sweet potato.

Food experts have already reported the product to be far more nutritious than the Irish or sweet potato and more easily grown. They boil in five minutes, bake in eight and will keep in any form in hot weather.

Stiles Wheeler was experimenting with the vine grown hybrids this summer when Wilson, seeing his progress, took up the work with great success. The Waterbury grange was invited to a body to see Wheeler's beds of new fangled bush grown potatoes.

Odd Cure For Deafness.

Ralph Martin, who was deafened at Spokane, Wash., a few weeks ago, when lightning struck and killed a team he was driving, has recovered his hearing in a most peculiar way. Noting that he was less deaf in sunlight than in shadow, Martin thought the sunlight might cure him and lay for days with his head on the ground, exposing first one eardrum and then the other to the beams of the sun. His hearing is now as good as ever.

THREE MEN ARRESTED.

Charged With Being Accessories to an Attempted Murder.

Chicago, Aug. 17.—Stephen C. Sumner, for many years prominent in trades union affairs and a candidate for the nomination for clerk of the appellate court in the recent primaries here, was held with two other union officials as an accessory to the attempted murder of Wirt B. Steyer, a milk dealer of Kensington, a suburb. Steyer was shot down in a barn in the rear of his home by one of three men, none of whom has been arrested. The shooting is believed by the police to have been the work of a "working crew" and to have been

caused by Steyer's refusal to rejoin a milk drivers' union from which he had resigned. He was shot above the heart and the wound is expected to prove fatal. Sumner has been business agent of the Milk Wagon Drivers' union for ten years. The men arrested with him were Harry Ferry, a business agent of the United Teamsters' union, and George Turner, secretary of a local milk dealers' union.

Arlington, S. D., Aug. 17.—Twenty guests at a hotel in Langford were poisoned, a number of them narrowly escaping death. The trouble was supposedly from eating canned vegetables. The whole hotel was transformed into a hospital, and several doctors worked all night to save the lives of the victims.

Mr. Young Man,

LINCOLN CENTENNIAL PLANS.

Big Celebration to Be Held in Springfield Feb. 12, 1909.

Preparations are being made for the celebration on an elaborate scale of the one hundredth anniversary of the birth of Abraham Lincoln on Feb. 12, 1909. The exercises will be held in Springfield, Ill.

The entire proceedings will be under the general direction of the Lincoln Centennial association, which includes among the charter members Melville W. Fuller, chief justice of the United States; Senators Cullom and Hopkins, Speaker Cannon, Adlai E. Stevenson, Governor Deneen, ex-Governor Richard Yates and many others prominent in Illinois affairs.

Under the auspices of the association effort will be made to have the day generally celebrated throughout the country as well as in Springfield, Lincoln's home, and the resting place for his body.

The programme in Springfield will include formal ceremonies at the tomb in the morning, a public meeting in the afternoon and a banquet for 1,000 guests in the evening.

Invitations have been issued to President Roosevelt, the members of his cabinet and to the ambassadors, ministers and consuls of the foreign governments to attend.

Two features of the celebration have been practically agreed upon, and the educational authorities of each state will be asked to carry them into effect. These are that the same programme which will be carried out in Illinois be also observed in every schoolhouse in the country and that at a certain hour of the day every school child in the land shall stand and while facing in the direction of Springfield repeat the brief speech that Lincoln uttered as he bade farewell to his friends and neighbors in Springfield the day he left for Washington in 1861.

WOMAN BADLY BURNED.

Jumped From Window While Maddened by Pain.

St. Paul, Aug. 17.—Maddened by pain caused by flames which enveloped her body, Mrs. Fannie Dudo-vitz, 590 Temperance street, leaped through a window of her home, following the flight of her ten-year-old daughter, Eva, through the same exit, leaving a two-months-old child in the room in which the flames were raging. The flames had already begun to devour the buggy in which the baby was sleeping when J. O'Connor rushed into the house and carried the child to a place of safety. The fire department was called to extinguish the blaze in the house.

The mother was seriously burned and was taken to the city hospital.

The fire started from a gasoline stove.

HUSBAND AND WIFE SLAIN

Neighbor Arrested in Connection With the Double Murder.

Columbus, O., Aug. 17.—Arthur Neidlander, aged thirty-four, and his wife, aged nineteen, were found dead, the former in a room above his grocery store and the woman in the street adjoining the store. Both had been shot and stabbed.

The police have arrested John Newkirk, a neighbor. He is said to have threatened to kill the couple because their dog bit his mother recently.

AGED MINNESOTA WOMAN IS SLAIN

Brutal Murder Committed at Grand Rapids.

Duluth, Aug. 17.—Mrs. George Cochran, aged seventy-one years, was murdered in the front yard of her own residence in Grand Rapids, Minn. The whole northern part of the state is shocked at the tragedy, and a motive is wanting. The woman was slashed to death with a knife, and there is no real clue to the murderers as yet.

The discovery was made by Ben and Michael Lieberman, who were walking home after midnight past the Cochran home. They heard faint cries of distress in the yard and made an investigation. They were shocked to find the aged woman covered with blood and in a dying condition. The woman expired in the arms of her would-be rescuers, and at no time after they found her was she in condition to make a statement. At the moment the men discovered her, the woman was trying to rise from the ground and blood spurted in jets from numerous wounds.

The tragedy must have occurred within a very few minutes before the Liebermans discovered her. The men immediately investigated the house and found evidences of a severe struggle. The furniture was upset, the stove torn down and curtains pulled from their fastenings. Some of the woman's clothing was torn from her body.

Kidnapping could scarcely have been the motive, for the woman was poor. Mr. Cochran is a cook and works at Hibbing.

Severe Squall at Duluth.

Duluth, Aug. 17.—A severe squall, accompanied by heavy rain, struck Duluth and vicinity and several yachting parties had narrow escapes. One boat, with Frank Farrell and a party of five others, is still missing.

The New Farmer.

Women who have gone into truck gardening on Long Island are proving that the male farmer lacks either skill or industry. Most of the women took up the growing of "table greens" largely as a recreation, but they have developed a business that pays enormous profits. One of the big officials of the Long Island road who has had a splendid opportunity to watch the growth of the small farms run by these enterprising women says that the product has been increased per acre nearly 30 per cent. These women seem to be able to make chickens thrive where failures had been recorded. In one instance an average of 240 eggs a year per chicken has been authenticated. These fair sex farmers constantly study their work and prove that the field as well as the workshop suits the new woman.

Famous Gospel Song Writer.

Professor Winfield S. Weeden, who died suddenly the other day at Bisby Lodge, in the Adirondacks, was famous on two continents as an author of gospel songs and as an evangelistic choir leader. He worked notably with Dr. J. Wilbur Chapman and William Phillips Hall.

BURBANK'S BRITISH RIVAL.

Evolution of Oat Plant Astonishingly Accelerated by Lancashire Farmer.

Some of the achievements of that remarkable horticulturist, Luther Burbank, in southern California seem to have been rivaled in England by a Lancashire farmer. It is said that on Garton's seed grown near Warrington a single oat plant surpasses by several hundred cereals any plant ever grown in the world. It is the product of twenty-seven years' practice of a process called "accelerated evolution" and has been obtained by crossing a highly developed oat with certain varieties of wild oats which have an incalculable capacity for generating seeds.

By these means the Lancashire farmer obtains a yield of 100 bushels an acre, something over twice what is considered a good yield in other parts of the country. So practical has this process been found that in thirty years the yield of some crops has been completely doubled, and it may reasonably be expected that a similar increase will take place within the next thirty years.

New Game Bird in New York State.

A new species of the pheasant has been seen in the vicinity of Manchester, N. Y., of late, and it is attracting many sportsmen to that neighborhood. It is said to be a far handsomer bird than the Mongolian pheasant, and those who claim to know say it is a Japanese pheasant. When a careful watch was kept to examine the bird it was found that the head and neck were of steel blue, reflecting brown, green and purple in different lights. The back and wings exhibit a fine mixture of orange, red, black, brown and yellow. The breast is red, each feather magnified with black and reflecting different colored tints. It has a large tail, probably one and a half feet in length. It is always alone and never seems to mingle with birds of the Mongolian species.

MURDER IN CHICAGO.

Colored Religious Fanatic Kills an Aged Negress.

Chicago, Aug. 17.—The negro residence district of Chicago was thrown into a state of excitement by the murder of Mrs. Lucy Briggs, sixty-five years of age, colored, in her home at 2312 Dearborn street by Clayton N. Williams, also colored. Williams beat the woman to death with a rocking chair after dragging her into a bedroom off the kitchen where she had been preparing a meal. He was arrested a few minutes later after a desperate resistance. As nearly as the police were able to learn, Williams was a religious fanatic and had become excited over the race trouble at Springfield. He became possessed with the idea that Mrs. Briggs, with whom he boarded, was controlled by evil spirits, of which he decided to rid her. The chair with which he had beaten the woman was found splintered and blood stained when the police broke down the door behind which Williams had constructed a barricade of furniture.

BASEBALL SCORES.

American Association.

At St. Paul, 3; Louisville, 4.
At Kansas City, 6; Columbus, 12.
At Minneapolis, 5; Indianapolis, 0.
